Content

- 1. This Enhanced Partnership Scheme is made by Leicester City Council in accordance with section 138G(1) of the Transport Act 2000.
- In accordance with statutory requirements in section 138A-138H of the Transport Act 2000, this Scheme document sets out:
 - a. an introduction to Enhanced Partnerships
 - b. the scope of the Enhanced Partnership Scheme
 - c. the obligations on Leicester City Council as the Local Transport Authority
 - d. the requirements on all bus Operators in Leicester of locally registered bus services.
 - e. governance arrangements of the Enhanced Partnership Scheme.
 - f. other relevant aspects

Introduction

- The Enhanced Partnership Scheme can only be put in place if an associated Enhanced Partnership Plan has been made. Therefore, this EP Scheme document should be considered alongside its associated EP Plan.
- 4. When both the EP Scheme and EP Plan are made, they will be published on: <u>www.leicester.gov.uk/your-council/policies-plans-and-strategies/transport-and-streets/enhanced-bus-partnership-scheme/</u>
- A summary of both the EP Plan and EP Scheme, together with regular progress updates, will also be published on the partnership website: <u>www.leicesterbuses.co.uk</u>
- 6. The EP Scheme has been jointly developed by Leicester City Council and those bus operators providing local bus services in the EP Scheme area. It sets out obligations and requirements on both the City Council and operators of local services in order to achieve improvements which aim to deliver the objectives of the associated EP Plan.

- The EP Plan sets out a range of costed interventions required to meet a set of aims, objectives and targets over an eight-year period from 1 May 2022 to 31 March 2030. It is not binding on any party.
- The EP Scheme is based on financial and staff resources available and known at time of scheme consultation. It is for three years 1 May 2022 to 31 March 2025. Once approved it is binding on all parties.
- Future additional resources to further deliver the EP Plan can be brought into play at a later date through a variation to the EP Scheme, as detailed in the Governance section below.
- 10. Only partial funding for the EP Plan was confirmed at time of EP Scheme approval. The range of interventions set out in the EP Scheme are all consistent with the aims and objectives of the EP Plan.
- 11. The targets set out in the EP Plan assume full funding. Revised targets for the EP Scheme, based on existing funding streams, are set out in the final section of this EP Scheme.
- 12. It is hoped that further funds will be available over the coming years to expand the current EP Scheme, which will require these targets to be amended as the EP Scheme is revised accordingly.

Scope of the Scheme

Description of Geographical Coverage

13. The EP Scheme will support the improvement of all local bus services operating across the whole of the Leicester City Council geographical area. This boundary is the same as the EP Plan boundary and is shown as the 'City boundary' in the route network map below.

Enhanced Partnership Board

99. For the purposes of this Enhanced Partnership Scheme, the Leicester Enhanced Partnership Board will be set up by 1 May 2022.

- One representative from each participating bus operator (one vote per operator)
- Up to four representatives from Leicester City Council (one bloc vote for City Council)
- One representative from Leicestershire County Council (no vote)
- 101. The Leicester EP Board representatives can change and evolve over time. Any changes to the Board participants and structure for this EP Scheme can be made using the bespoke variation procedure set out in sections 115-124 below.
- 102. The EP Board will be formed from the point at which the EP Plan and EP Scheme are formally made. The EP Board shall remain in place throughout the duration of the EP Scheme(s).
- 103. The EP Board will meet on a quarterly basis, but may meet more frequently from time to time, depending on the need for a Board meeting. Meetings will be held face to

face, with an option to attend virtually via Microsoft Teams or similar conferencing software.

- 104. Attendees will be notified of forthcoming meetings at least 7 days in advance of the meeting taking place, and 14 days in advance should there be a need to discuss a proposed variation to the Scheme. Papers for each meeting will be provided at the same time. Should non-scheduled meetings be required, Board members will be given as much notice as possible, with papers shared at the earliest opportunity in advance of the meeting.
- 105. The EP Board will be required to inform decision-making relating to the EP Scheme from time to time. Recommendations made by the EP Board will take into consideration any recommendations made by the EP Forum.
- 106. Decision-making will be assisted by the use of one or more decision-making tools, to help consider the relative merits and risks associated with any measures and/or facilities that could be introduced through this Scheme. The tool(s) will take account of various factors, including (but not limited to):
 - delivery against EP Plan objectives
 - value for money (costs and benefits)
 - deliverability including physical and practical constraints
 - political acceptance (locally and countywide)
 - timescales for delivery
 - land ownership
 - planning permission considerations
 - fit with other strategies and programmes
- 107. The tools will be identified and/or developed by the City Council working in partnership with the EP Board, during the 2022-23 financial year.
- 108. In order to consider a variation to the EP Scheme, the EP Board will consider all inputs from the EP Forum and the above tools to arrive at a conclusion on whether to formally recommend the variation.
- 109. During this period representatives on the EP Board will also undertake the necessary consultation within their respective organisations to obtain support if the variation is proposed to proceed. Once the EP Forum has commented on the proposed measures

and/or facilities, the Board recommendation and Scheme variation process shall be followed in accordance with sections 115 – 124.

Enhanced Partnership Forum

- 110. The Leicester Enhanced Partnership Forum is a wider group than the EP Board, incorporating different stakeholders as and when they need to be consulted on changes to the Scheme. The EP Forum will include all of the members of the EP Board, but will offer the opportunity for the following groups (as well as others not listed) to engage with the delivery of the Enhanced Partnership:
 - Leicestershire and Leicester Enterprise Partnership
 - Employer representation
 - Representative of Bus User Panel
 - Transport Focus
- 111. The acceptance of different groups on the EP Forum will be the decision of the City Council, taking account of the views of bus operators represented on the EP Board.
- 112. The EP Forum is not a decision-making body but will inform and make recommendations to the EP Board in advance of decisions being taken by the Board.

Review of Enhanced Partnership Scheme

- 113. Once the EP Scheme is made, it will be reviewed by the EP Board every six months following publication of data on progress towards targets, as required by the EP Plan. This will ensure any necessary action is taken to deliver the targets set out in the EP Plan.
- 114. Leicester City Council will initiate each review. The EP Board can also decide to review specific elements of the scheme on an ad hoc basis. EP Board members should contact Leicester City Council explaining what the issue is and its urgency. The City Council will then decide whether to table at the next scheduled meeting or make arrangements for all or the necessary EP Board members to gather more quickly.

Varying the Enhanced Partnership Scheme

- 115. In accordance with section s.138E of the Transport Act 2000, the procedure in sections 116 to 124 may apply in place of the provisions of section 138L to 138N of the Transport Act 2000 in order to vary this EP Scheme, in the specific circumstances expressly specified in this Scheme, or otherwise where any variation is proposed by the City Council or any Operator for the purposes of implementation of any requirement or objective of the EP Plan.
- 116. Consideration will be given to potential EP Scheme variations highlighted either by a local authority, one of the organisations represented on the EP Forum, or by an operator of local bus services (Proposed Variation).
- 117. Any variations can be proposed to the scheme, whether specified or not within the current EP Scheme, provided such variation is intended to implement the requirements or objectives of the EP Plan. The proposer of a Proposed Variation shall, so far as reasonably practicable:
 - a. demonstrate how the Proposed Variation might contribute to achieving the objectives set out in the EP Plan and/or current local transport policies;
 - b. identify the local services (and operators of such services) and area which will be affected by the Proposed Variation, including any requirements which would be imposed on operators in respect of local services;

- 119. On receipt of a request for a variation under this section, Leicester City Council will reconvene the EP Board, giving at least 14 days' notice for the meeting, to consider the proposed variation. Each representative will consult within their organisation as set out in paragraph 109.
- 120. If the proposed variation is agreed at the EP Board by Leicester City Council and <u>all</u> Operators present then section 123 shall apply.

- 121. If the proposed variation is agreed at the EP Board by Leicester City Council and all Operators present whose services are affected by the Proposed Variation (notwithstanding that other Operators may not agree to the Proposed Variation) then section 123 shall apply.
- 122. If the proposed variation is agreed at the EP Board by Leicester City Council and some but not all Operators present whose services are affected by the Proposed Variation (notwithstanding that other Operators may not agree to the Proposed Variation) then the Proposed Variation may be put to the operator objection mechanism as set out in The Enhanced Partnership Plans and Schemes (Objections) Regulations 2018, as if the Proposed Variation was a variation to this EP Scheme notified under section 138L of the Transport Act 2000 save that:
 - a reduced objection period of 14 days shall apply in place of the 28-day period stated in section 138L(2)(c) of the Transport Act 2000;
 - references to "the area to which the scheme relates" in section 138L(5)(b) of the Transport Act 2000 shall be taken to be references to the area covered by the services affected by the Proposed Variation, and if objections under this operator objection mechanism do not reach the statutory objection limit then section 123 shall apply.
- 123. Where this paragraph applies the City Council will consider the Proposed Variation taking into account the agreement reached by the EP Board, and shall unless they determine that there is a good reason not to make the Proposed Variation make the EP Scheme variation and publish the revised EP Scheme on its website.
- 124. EP Board members who are absent or not expressing a view at the meeting (either in person or in writing) will be deemed to be abstaining from the decision.

Revocation of an Enhanced Partnership Scheme

125. Section 1380 of the Transport Act 2000 shall apply to the revocation of this EP Scheme.

Other Aspects

Implications for small and medium sized operators

- 126. Given the variety of bus operators involved (in terms of market share, fleet size, company turnover and structure), it is important to ensure that the effects of the Enhanced Partnership do not unduly negatively impact smaller operators' ability to engage or to comply with requirements.
- 127. The Leicester EP Board will therefore allocate operator votes on the basis of one operator per vote. In addition, Bus Operator Obligations will not be placed upon certain categories of service (non-qualifying services), including services typically operated by smaller operators.

Competition

- 128. Leicester City Council has undertaken an assessment of the impacts of the EP Plan and Scheme made on 14 April 2022 on competition. It believes it will not or is unlikely to have a significantly adverse effect on competition, for the purposes of Part 1 of Schedule 10 of the Transport Act 2000.
- 129. The EP Scheme and Plan have been sent to the Competition and Markets Authority as part of the consultation process.

Monitoring and Targets

- 130. A list of the data that will be submitted to the City Council by bus operators on request is set out in Annex 20.
- 131. This will be kept confidential and only used for the purposed of monitoring and evaluation the EP Scheme.
- 132. Annex 21 shows the targets based on the proportion of the overall EP Plan funding secured at 1 May 2022.

Annex 19 Bus station user agreement

Bus Station Users Agreement

Leicester City Council

2022/23

<u>General</u>

- 1. This agreement sets out bus station user's rights and responsibilities while using Leicester City Council bus stations, including those at Haymarket and St Margaret's facilities.
- 2. It is important that this document is read, and that its content is shared with drivers and frontline staff that use the bus station facilities. There is an expectation that operators and their representatives comply with the instructions given to ensure a safe and free flowing operation of the bus station to the benefit of all.
- 3. This agreement will be reviewed annually.

Traffic Management

Access

- 4. Only buses, maintenance vehicles, delivery vehicles and emergency service vehicles are permitted to enter the bus station unless prior arrangement has been made with Leicester City Council and a valid permit is displayed.
- Before any pick up of passengers can be made, Leicester City Council must be notified, either by a service registration in the case of scheduled services, or making contact with the facility manager, found at Schedule 2 in case of unscheduled services.

Bus Movements

- Leicester City Council reserves the right to charge for usage of the bus station under the Transport Act 1985, Section 81. Charges for use can be found at Schedule 1.
- 7. A bus movement is considered as;
 - a. Unloading
 - b. Loading
 - c. Layover
 - d. or any combination of the above.
- 8. Use of the bus station as a turning circle or through route for PSV vehicles is not chargeable, but is subject to all of other conditions as specified in this agreement.

Loading / Unloading

9. Loading must be conducted at the designated stand for the service operated.

- 10. An exception to this is when the stand is moved temporarily either by prior notification or direction by onsite staff in reaction to an event such as maintenance work or breakdown.
- 11. Unloading should be made at a designated unloading stand or at the designated stand for the service operated. Unloading can be made at another stand provided that the bus clears the stand immediately after unloading.
- 12. At no time should loading or unloading be conducted at any place other than a designated stand.
- 13. Brush barriers are installed at Haymarket bus station. Buses should use these by pulling into the bus stop the normal distance from the kerb. Brushes are attached to prevent damage to the bus if contact is made accidentally. The bus should park so the forward most part of the bus is past the forward brush, and that the bus doors are fully forward of the rear brush. The nature of these barriers means they will occasionally be struck. Damage should be reported to the Customer Service Officer on duty if this happens so repair can be organised.

Reversing.

- 14. DIRO's or **D**rive In **R**everse **O**ut bus stations have additional risk because of regular reversing manoeuvres.
- 15. Priority goes to reversing vehicles. All other vehicles should give way.
- 16. Where two or more vehicles are reversing at the same time, vehicles should give way to the near side.
- 17. Vehicles departing layover bays should give way to main running lanes.
- 18. Vehicles should reverse back sufficiently to allow them to drive out forward in one movement.

- 19. In the example above, all vehicles wish to move. Vehicle 1 and 2 want to reverse so have priority, and being on the near side vehicle 1 moves first. Once they have cleared the stand, vehicle 3 moves, and then finally vehicle 4 can safely leave the layover.
- 20. Remain vigilant for pedestrians at all times. Where pedestrians are trapped on the carriageway side of doors, drivers should load them before departing.

Layover

- 21. Bus station users are permitted to layover in designated bus layover bays free of charge for up to 15 minutes. Any intention to use a layover for any longer than this must be requested in writing to the facility manager found at **Schedule 2**, for which there may be a charge.
- 22. Engines must be switched off while the bus is not in use.
- 23. Drivers must not layover on operational bus stands including alighting only bus stands or bus stops. This includes all City Centre stands within the Leicester inner ring road.
- 24. At Haymarket bus station, drivers must access the building via the nearest safe route.
- 25. At St Margaret's bus station drivers must access the building via the nearest safe route. Push buttons are installed on stand doors to aid this.

Parking

26. Non-PSV parking is very limited on bus stations. Parking is by prior agreement only with the facility manager found at **Schedule 2**, for which there may be a charge. There are free coach parking bays by arrangement that can be booked at https://www.visitleicester.info/good-to-know/coach-parking

Quitting (Unattended Vehicles)

27. At no time shall a vehicle be left unattended with the engine running. If the driver must leave the bus, it should be isolated.

Speed Limit

28. Speed limits on Leicester City Council bus stations have been set at 10mph. This may be enforced with fixed or portable calibrated speed checking devices.

Stand Allocations

- 29. Stand Allocations are made taking into account the following;
 - a. Safe operation of the bus station.
 - b. The best customer interest.
 - c. Routing corridors.
 - d. Operator preference.
 - e. Frequency of Service

- 30. To register a new service departure from a bus station, the operator must have secured permission in writing from the facility manager, including a designated stand. This must be done prior to registration.
- 31. Any change to an existing service must be done in agreement with the Facility Manager, who will take into account the above considerations. Services that change timetables may be moved stands if the change introduces a risk to the safe running of the bus station.
- 32. To cancel an existing services departure slot, 30 days notice must be given in writing to the Facility Manager.

Health and Safety

Personal Protective Equipment (PPE)

- 33. High Visibility clothing should be worn at all times on the carriageway and layover areas. This should meet ENB:471:2003 Class 2 standard in either florescent yellow or orange.
- 34. Bandit Alarms should only be used if the driver is in distress. It is not acceptable to use the bandit alarm to attract attention in a non-emergency situation.

Reasonable Instructions

- 35. Bus station users must follow all reasonable instructions of onsite staff.
- 36. Drivers and operators should respond civilly to onsite staff. Any complaints should be referred to the facility manager rather than engaging in argument.
- 37. Physical and Verbal abuse of station staff will not be tolerated, and may be reported to the police.

Health and Safety Meetings

- 38. Operators consent to 3 monthly meetings (or more frequently if required), with the Facility Manager or their representative to discuss health and safety matters arising.
- 39. Leicester City Council will undertake to provide details of users breaching this agreement to operators so that they might take corrective action within their own policies and frameworks.

Oil / Fuel Spills

- 40. Bus station users accept responsibility for consequences resulting from an oil spill or similar on a bus station. The priorities should be the prevention of fire, and prevention of harmful chemicals entering the watercourse.
- 41. Where there has been use of absorbent granules or pads, it is the responsibility of the user to ensure the area is cleaned sufficiently. Leicester City Council reserves the right to recharge cleaning to make good the carriageway if work is not satisfactory.

Damage to Property

- 42. Where damage has been caused to property, the operator is expected to report this to on site staff.

- 46. Minor defects may be fixed on station or stand. This is limited to change of ticket machines, replacement wing mirrors, replacement headlights and similar levels of defect.
- 47. Breakdowns should be notified to onsite staff as soon as possible after they have been identified so they can make alternative arrangements for loading.
- 48. Hazard lights should be used to signal to other vehicles that the vehicle is defective. If this is not possible due to an electronic fault, a cone should be put behind the vehicle as a signal to other vehicles.
- 49. Bus operators should resolve to have an engineer on site with defective buses as soon as possible after a breakdown occurs.
- 50. Buses should be towed during off peak hours. Peak hours are defined as 07:00-09:30 and 15:00-18:00 on weekdays only. Peak hours towing can be conducted with permission of the onsite staff only if they believe it is safe to do so.
- 51. A representative from the operator should remain with the vehicle at all times unless otherwise agreed with on site staff.
- 52. Operators will not be liable for a charge for layover in excess of 15 minutes where they are following station staff instructions to postpone towing at peak hours. They may be liable for charge where defective buses are parked on station for a significant time without legitimate cause.
